NCNCA Board Member Candidate Statement

Hello,

I have had the privilege of serving on the Board of Directors for the past year and would very much appreciate having your confidence in another year's service.

Prior to 2020, I was the NCNCA Upgrade Coordinator for three years and before that, I served on the Board from 2013 to 2016. I have been a racer and an official since the 1980s, mostly in NCNCA. I am a retired lawyer and engineer, and a former military pilot now flying for fun and, occasionally, transportation.

The coming years pose some challenges for the Local Associations such as NCNCA. USA Cycling has been hampered by events far out of its control and this has resulted in a re-evaluation of the funding USAC is able to give to the LAs. NCNCA will have to either develop new revenue models or face a pronounced reduction in the services it provides to bicycle racing in the district. I hope to provide my help as a board member in facing the future and in the continued growth of our beloved sport.
