NCNCA Monthly meeting 2/24/14

Livermore, CA (Marriott Residence hotel on Constitution Drive)

<u>Attending</u>: Board Members (9): Robert Leibold, Ted Fisher, , Kristin Hill, Keith, Mike Hardaway, Carlos Soto, Steve Rosefield, Tim Burgess; Marc Franklin (arrived at 7:14 Guests: John Gallagher, Bill Nicely (at 8:41)

Call to Order: 7:09 p.m., by President Tim Burgess

December Minutes: Approved 8-0

<u>Public Comment</u>: (Gallagher) re: Snelling Road Race: crash in Master 45+ 4/5; three riders down, medics arrived, injured riders taken away by ambulance, but then great difficulties in finding which hospital one rider was taken to. How to deal with this? Hospitals nor ambulance co were forthcoming. Race Directors should have maps/info/phone numbers for hospitals and transport at registration, but some way of finding out the location of the patient is important. Legal requirements of privacy are a problem here. What to do?

<u>President's Report</u>: (Burgess) Good turnouts at races so far, very good in Women and Juniors numbers. NCNCA will help with Danville event permit at Tour of California if ToC gets AIG to indemnify us for the event. There will be a ToC Women's circuit race in Folsom on Sunday March 11. USOC drug testing program is in progress, and may show up at any NCNCA race.

Treasurer: (Rosefield)

Checking balance: \$3,465.60 Savings balance: \$64,186.92 Attached is an up to the day P&L Vs Budget report. Since it's early in the year I've formatted it in a way that highlights the total to date for each account and color coded a few areas for discussion.

- * Basic note At this point all budget items are divided over twelve months. That works great for all the contractors except for the mentor coordinators, but not as well for other items (like banquet expenses, etc) At some point we can weight these to make more sense. It should have been done from the outset, but I lost a week in January to the flu and more than a week to my Bump fiasco.
- * Corporate contributions the current number is Q4 rebate from BikeReg. This should have landed in 2013, but didn't arrive in time because of the PO box switch.
- * Membership fees We have 80 Member Clubs all paid for a total of \$4,000. \$159.65 was left over in the pay-pal account from 2013. I'm working on setting up any additional members through BikeReg and once set up, we can transfer the "event" forward to 2015 if desired. This method will also give us "who's registered" reports. I may enter the clubs in here manually so we can just link the bike reg page to our site.
- * Race surcharges are behind budget, but the budget is not weighted to reflect the calendar and peak season.
- * Office sup[plies is over budget, but includes a couple of hundred dollars in officials forms. Also most of the supplies for the year have been purchased.
- * Insurance There is a new USAC requirement. I don't have an estimated expense to report, but will try to have it by meeting time. (Beyond D&O insurance)
- * Software and subscriptions is low because we got a six month discount on the Quickbooks Online service. This should end under budget for the year.
- * Storage Unit Robert called me with a deal pay a year in advance and receive fourteen months. I payed six months in advance and received a seventh for free, so we are paid through September.
- * Results Coordinator No payment yet as we do not have an agreement in place.

Committees:

<u>Scheduling</u>: (DeFiebre) Salinas Crit moving to Mt Diablo Hillclimb 6/21 date. Mike's Bikes wants to do a Mt Diablo Hillclimb on May 10 in conjunction with Tour of California.

Officials: (Franklin) Ken Kimari did a chart on officials compensation (USAC vs NCNCA) and plans to change it. Internships are being offered for road officiating. Babette Jaire took p[art at Snelling (as a com car official), it will be offered at Chico as well.. New camera/computer system (#4) almost ready. MotorRef clinic may 5 in So Cal (Dana Point); motorcycle not needed.

Competition: (Franklin) very quiet, Women's rules (for series) coming.

<u>Membership</u>: (Rosefield) see Treasurer's report above.

Promoters: (Rosefield) no report

Policies and Procedures: (Fisher) No report

Safety: (Hill) No report

<u>Mentors</u>: (Soto) Women's program good, need more mentors for men's program. Juniors and Safe Sport programs. Mentors should move up alongside of groups, not staying at the back. Now keeping track of mentoring pay as the year goes on. Mentors should be available for Collegiate D and C races.

<u>Women</u>: (Hill) Proposed rules for Women's Series to go to Competition Committee and Board. Series itself was approved. Women's Blog discussed. Can the Women's Committee be the administrators of the Women's NCNCA Facebook page?

Executive Session -- In and Out-

<u>Juniors</u>: (Hill) Large turnouts, some full Junior fields. Many crossing over from High School Mtn Bike program.

Social Media discussion set for next meeting. Steve Woo is the NCNCA Twitter Page.

Old Business:

<u>Championship Bids</u>: Tour de Nez withdrew Masters/Women's/Juniors Championship bids.

Sattley (6/29) is District **Time Trial** Championships for all categories.

Red Kite (8/30) is Criterium Championships for Juniors, Masters and Master Women (8-0-1)

Mt Diablo (6/21) is Hillclimb Championships for all (9-0)

Oakland Grand Prix (9/21) is Criterium Championship for Elite Men and Women (8-0-1)

Copperopolis (4/19) is Road Championships for Junior 13-18 (8-0-1)

Challenge (8/30) is Road Championships for Elite Men and Women (8-0-1)

San Ardo (8/16) is Road Championships for Masters Men and Masters Women (8-0-1 unless another race steps up)

Contractor Status: All settled except for Results. Ken Hernandez – former-, and Richard Brockie – prospective- will meet this week.

New Business:

Western Collegiate Conference (now headed by Kristen Hill, from our Board)

How can we support WCC? Do we provide equipment? **Proposal** (Burgess, Rosefield): NCNCA purchases another camera/computer system for WCC for approximately \$2,000. **Approved** 8-0-1. Note: Policy 6, Race Directors responsibilities.

<u>USAC Local Association Agreement</u> for 2014. Liability Insurance is needed for NCNCA that indemnifies USAC. Hill to search for it. Our D&O insurance for the Board is okay now, but doesn't cover the above. How to get more officials? How to Keep them?

Proposal: Approve USAC LA agreement for 2014. **Approved**, 9-0.

Adjourned 9:47.

Next Meeting 3/17 7pm, Back across the street at Marriott Courtyard Hotel on Constitution in Livermore (possibly still at Marriott Residence Hotel)
